

Objectives and investment policy**Objectives**

The objective of this fund is to achieve investment growth in any type of market condition (absolute return). The share class is accumulating.

Investment policy

The fund targets alternative beta yields embedded in equity and volatility markets, as well as in interest rate, inflation, credit and currency markets with a focus on developed markets.

The fund is categorised as article 6 under SFDR. The fund follows Danske Invest's responsible investment policy.

In actively managing the fund's portfolio, the management team applies a flexible and dynamic allocation and invests in alternative beta strategies that seek to take advantage of both positive and negative market movements, as well as other market opportunities, while mitigating downside risk during adverse market conditions.

The fund may use derivatives for hedging and efficient portfolio management, as well as for investment purposes.

Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Return in the period: 10.08.2022 - 30.04.2024

The default for the chart is the return for the past 5 years as of end of month or, if the fund is less than 5 years old, since launch. Past performance is not a reliable indicator of future results. Future returns may be negative. The return may increase and decrease as a result of currency fluctuations if the fund is issued in a currency other than the currency used in the country in which you are domiciled.
